**That blast came from the Death Star!!!**

Special thanks to Carlos Pardo for using my music in his trailers to accompany his gorgeous labour of love! Ever wanted to build your own Death Star from Star Wars? Now you can! Carlos Pardo has beautifully illustrated the inner workings of the Empire's favourite ...

**Q&A: Tips and Tricks for Mixing and Mastering**

Over the years, I've always struggled with mixing my tracks. I've spent hours researching and trying to put what I learned into practice, often with little success. Most producers seek professional help when looking to put the final polish on their tracks for a ...

**SynthR now on Steam**

Hit a cool milestone today. I finally have some music on the Steam Store! For those who don't know, Steam is an Internet-based, digital distributor of video games. A very special thanks to my developer friends, who just had their first game greenlit Pixel: ru², at C63 ...
